

tf.test.TestCase

```
classDiagram
    class TestCase["tf.test.TestCase"]
    class SortByFieldTest["_box_list_ops_test.SortByFieldTest"]
    SortByFieldTest --|> TestCase
```

The diagram shows a class hierarchy. At the top is a box representing the 'tf.test.TestCase' class, divided into three horizontal sections. Below it is a larger box representing the '\_box\_list\_ops\_test.SortByFieldTest' class, which is divided into a header section and a body section. A blue arrow points from the body section of the lower class to the bottom section of the upper class, indicating inheritance.
