

```
detection_utils.utils.numpy_box_list_ops.sort_by_field
```

```
graph LR; A[detection_utils.utils.numpy_box_list_ops.sort_by_field] --> B[detection_utils.utils.numpy_box_list_ops.gather];
```

A diagram showing a function call. On the left, a gray rectangular box contains the text `detection_utils.utils.numpy_box_list_ops.sort_by_field`. A blue arrow points from the right side of this box to the right side of another rectangular box on the right. This second box is white with a black border and contains the text `detection_utils.utils.numpy_box_list_ops.gather`.

```
detection_utils.utils.numpy_box_list_ops.gather
```
